This month's topic:

HOLIDAY GIFTS, CUSTOMIZED BY YOU

Creating personalized presents easily, using print-on-demand services
to be presented by **Kelli Swan**

It's better than fruitcake and more personal than that re-gifted Christmas pack of socks you've been considering passing on to Uncle Stanley. Using zazzle.com and cafepress.com, you can create T-shirts, mugs, tote bags, postage stamps and more (yes, even boxers), all personalized and decorated with your very own photo, design, text, or even your company logo. Of course this is not limited to the Christmas season, and you can also sell custom products this way in your own virtual "store", but it is perfect for gifts. No need to worry about printing, record-keeping or keeping anything in stock; Zazzle and CafePress handle it all. On Tuesday, Kelli will lead us through this winter wonderland of customized goodies. Come learn to make gifts ever jolly and bright; merry meeting to all, and to all a good night.

Also,

BACK TO MAC BASICS

In this segment, we focus on more fundamental skills, to make life a little easier for those who are trying to learn how to use their Macs. This month:

A SOLUTION TO THE RESOLUTION CONVOLUTION
to be presented by **Kelli Swan**

If, like most people on the planet, image resolution baffles you, then this topic will offer welcome clarity. Kelli will present an illustrated, quick and easy explanation of resolution.

On the first day of Christmas my true love gave to me a link to CafePress and the ability to make gifts or even marketable products with astonishing ease. Have yourself a merry little Christmas, let your heart be light, and please do join us on Tuesday. Feel free to bring a friend. See you there!
