

Our next meeting is:

June 2nd — Tuesday — 6:30 PM

First Christian Church

(location details below)

This month:

IT'S A WONDERFUL iLIFE
Part II

The new iPhoto and iWeb in iLife '09
to be presented by **Tom Davis**

You know the old saying: It's a dog's iLife. If you have ever tried to edit your photos with user-unfriendly software, and were left feeling that you couldn't do it if your iLife depended on it, and vowed that never in your iLife would you struggle with that software again, then iPhoto may be just what you've been hoping for. Sure, into each iLife a little rain must fall, but after a look at what you can do in iPhoto, you'll be looking on the brighter side of iLife, and you can bet your iLife on it.

On the other hand, if you have already been using iPhoto for some time, and if you feel like you have already found every trick it has up its sleeve, then hold on for dear iLife, because you just may be in for the shock of your iLife when Tom shows us how to breathe new iLife into pictures with the new iPhoto. And by sharing your beautiful photos and slideshows with others, you just may become the iLife of the party.

Of course, variety is the spice of iLife, so if you happen to be interested in living iLife in the fast lane by creating a website, Tom will also show us a bit of iWeb.

In the world of software, iPhoto and iWeb may well become the love of your iLife. And with less time spent wrestling with user-unfriendly software, you may find yourself with more time for the things most important to you: iLife, liberty, and the pursuit of happiness.

Also,

BACK TO MAC BASICS

In this segment, we focus on more fundamental skills, to make life a little easier for those who are trying to learn how to use their Macs. This month:

A Closer Look at System Preferences, Part 1
to be presented by **Mike Schott** and **Rob Ellis**

If you have been wondering what in blazes some of those cryptic-looking settings in System Preferences are really for, Mike and Rob will help lift the fog.

And if you need just one more great reason to attend the meeting, we are having another **FREE RAFFLE!** This time, our raffle item is another terrific book: *YouTube: An Insider's Guide to Climbing the Charts*, by Alan Lastufka and Michael W. Dean. Published by O'Reilly and written by two veteran 'Tubers, the book not only shows how to make a serious splash on YouTube, but also demonstrates how to make great videos, and teaches the ins and outs of surfing and using the YouTube website.

Although the book retails for \$29.99, this raffle is **FREE** to all MAC² members attending the meeting. If you are not a member and you want to participate in the raffle, you are warmly invited to join the group by purchasing a membership before the raffle.

Our meeting location:

*First Christian Church
6900 Market Avenue North
Canton, OH 44721
(330) 456-2600*

After you enter the front door, go to the left past the small café area; the meeting room is on the left.

For a map of the area, along with options to get directions from anywhere, [please click here](#)

For directions from the North Canton library (our previous meeting location) to First Christian Church, [please click here](#)

Attending Tuesday's meeting may not be a matter of iLife and death, and we are certainly not suggesting that you risk iLife and limb to get there, but please don't let iLife pass you by, because you just may have the time of your iLife. And please feel free to bring a friend, because he or she could probably use a new lease on iLife too. See you there!

— Rob Ellis
MAC² Macintosh Users Group
