

Our next meeting is:

October 4th — Tuesday

First Christian Church

6:30 PM — Socializing, news and announcements

7:00 PM — Presentations begin

This month's topic:

THE iPad REVISITED • MUSIC

**How to create and record your own music, find music, and listen to music, all on the iPad
to be presented by [Roger Owens](#)**

The touch interface and roomy screen of the iPad have changed many things, and one of them is music. On Tuesday, Roger will show how to record your own music in GarageBand on the iPad and iPad 2. Using virtual instruments such as piano, organ, guitar, drums and synthesizers, and even your own luscious singing if you like, you can create a jingle or a symphony by recording each part into the 8-track recorder. Come join us and learn how to make music, find other artists' music, and even how to stream free music to your iPad via internet radio. Rock on, or waltz on, but if we may offer a piece of essential advice, never, ever smash your virtual guitar and set it on fire in order to impress onlookers, for your beloved iPad will be nuked as well.

Also,

BACK TO MAC BASICS

In this segment, we focus on more fundamental skills, to make life a little easier for those who are trying to learn how to use their Macs. This month:

iTunes ON YOUR MAC

to be presented by [Tom Davis](#)

iTunes is a terrific way to find, listen to, and organize music on your Mac. Tom will present a helpful primer for anyone who has stared at the iTunes app and wondered exactly what they can do with it, and how to do it.

Our meeting location:

*First Christian Church
6900 Market Avenue North
Canton, OH 44721
(330) 456-2600*

DIRECTIONS TO THE MEETING ROOM

SHORTEST, QUICKEST WAY:

- Upon entering the parking lot, drive around the left side toward the back of the building
- You will see a covered entrance and the name **HERITAGE HALL**. Park your car and come in that entrance
- The **FIRST DOOR** on your left is numbered **1018C**
- Come on in

LONGER WAY:

- Come in through the main door at the front of the building
- Follow the corridor to the left all the way to the back of the building
- The **LAST DOOR** on your right is **1018C**

For a map of the area, along with options to get directions from anywhere, [please click here](#)

Things to do: Water the philodendrons, have the piano tuned, tune the guitars, program the synthesizers, set up the drum set, learn to use the recording console and, oh yes, first you will need to buy all those items. Or, with an iPad and a \$4.99 app called GarageBand, you can skip the other steps and simply have fun. Come join us on Tuesday to see how it works. And please feel free to bring a friend. See you there!
