

Our next meeting is:

September 6th — Tuesday
First Christian Church

6:30 PM — Socializing, news and announcements
7:00 PM — Presentations begin

This month's topic:

HOW TO SEARCH FOR STUFF

Techniques for finding what you seek, on your Mac and on the Web
to be presented by **Tom Davis**

Never mind where you left your keys; where oh where on your Mac did you put that folder of Tahiti vacation plans? And where in the world is Tahiti exactly? And what time is it right now in Sedona? And how should you clean the strawberry milkshake you spilled on your keyboard? And who in blazes was Mary Pickford? If you can find those car keys and find your way to our Tuesday meeting, Tom will show how to search for virtually anything, all by utilizing your Mac. Well, nearly anything. Regrettably, there is still no "car keys" search available on the Mac (perhaps in the next system update), but after learning some power-search techniques, your Macintosh may truly become the Apple of your eye.

Also,

BACK TO MAC BASICS

In this segment, we focus on more fundamental skills, to make life a little easier for those who are trying to learn how to use their Macs. This month:

INTRODUCTION TO LION
to be presented by **Tom Davis**

Details about hardware requirements and some new features in Apple's newest operating system.

Our meeting location:

*First Christian Church
6900 Market Avenue North
Canton, OH 44721
(330) 456-2600*

DIRECTIONS TO THE MEETING ROOM

SHORTEST, QUICKEST WAY:

- Upon entering the parking lot, drive around the left side toward the back of the building
- You will see a covered entrance and the name **HERITAGE HALL**. Park your car and come in that entrance
- The **FIRST DOOR** on your left is numbered **1018C**
- Come on in

LONGER WAY:

- Come in through the main door at the front of the building
- Follow the corridor to the left all the way to the back of the building
- The **LAST DOOR** on your right is **1018C**

Admittedly, you may not find your little lost Scottish terrier named "Flouncy" on your Mac, but you can at least find those beloved photos of Flouncy, and much more. Please join us on Tuesday to learn all about searches on the Mac. And please feel free to bring a friend. See you there!
